MEMORANDUM FOR: Director of Central Intelligence
FROM : SA/DCI/IA
SUBJECT : Cabinet Meeting, 13 September 1982

The following items are on the agenda for today's Cabinet meeting:

- International Economic and Financial Situation. Secretary Regan has been asked to report to the Cabinet on the subject. He will probably refer to the SIG-IEP meeting of last week which you attended. Included are some of your notes from that meeting as well as a Memorandum for the Record from Maurice.
- Combined Federal Campaign. This will probably be a pep talk regarding the annual fund drive. Jim Glerum has provided some data on CIA's participation.
- Minority Business Development. There may be a short discussion of the President's draft statement to the Congress on minority business development. Harry Fitzwater is looking this over to see if we have any comments on it.

None!
